

Premier Health First in Nation to Use Minimally-Invasive Robotic System in Spine Surgery

DAYTON, OH, MAY 10, 2016 /PRNewswire/ -- Premier Health, a leading provider of healthcare services, has announced that it is the first in the nation to use the ROSA Spine robotic system in spine surgery.

The ROSA Spine robotic system was used for the first time on April 21 at Miami Valley Hospital. Standing with the ROSA Spine robotic device are, from left to right: Scott Wherry, MD, PhD; Michael VanWinkle; Juan Torres-Reveron, MD, PhD; Thibaud Partridge; and Eric Heinz. Dr. Torres-Reveron of Premier Health is wearing a blue surgical cap.

Members of the Premier Health/Medtech team gather after the first U.S. surgery using ROSA Spine. The surgery took place April 21 at Miami Valley Hospital in Dayton, Ohio, which is part of Premier Health. Standing with the ROSA Spine robotic device are, left to right: Scott Wherry; Michael VanWinkle; Juan Torres-Reveron, MD, PhD; Thibaud Partridge; and Eric Heinz. Medtech officials are in red surgical caps, while Dr. Torres-Reveron of Premier Health is in a blue surgical cap.

"The ROSA Spine robotic system is a significant advancement in spine surgery, and we are proud to be the first in the nation to use it," said Dr. Torres-Reveron. "We're excited to see the benefits of this technology for our patients."
