

Press Release

**FIRST ISRAELI PURCHASE ORDER FROM AMOS GAZIT LTD FOR A ROSA™
BRAIN SURGICAL ROBOT DESIGNED AND MANUFACTURED BY MEDTECH**

Montpellier, December 23, 2013 –MEDTECH (FR0010892950) is pleased to announce that it has received its first firm purchase order for a ROSA™ Brain surgical from its distributor partner in Israel, AMOS GAZIT Ltd, who destined the robot for a top ranking hospital in Tel Aviv.

AMOS GAZIT Ltd is an Israeli company and leader in the field of import and export of equipment, services and marketing, in the safety and medicine sectors. Since 1958, AMOS GAZIT Ltd has had a tradition of importing the very latest technologies to the Israeli market in collaboration with the most innovative companies in the world.

Bertin Nahum, CEO and Founder of MEDTECH, said: «We are delighted that this collaboration with AMOS GAZIT Ltd is bearing its fruits. This is part of MEDTECH's commercial strategy in its effort to reinforce its distribution network in the East, Middle-East and Asia to increase market penetration in these key markets and also its installed base. Israel is traditionally an « early adopter » market in the field of new technology in the Middle East Sales territory which includes a number of markets with a strong potential for development. So this is a whole new opportunity for MEDTECH opening in this symbolic market and we are really pleased about that. »

About MEDTECH

MEDTECH, founded in 2002 by Bertin NAHUM and based near Montpellier, is the European specialist in design, development and marketing of innovative robotic-assistive devices for medico-surgical interventions, thus contributing to the implementation of safer, more efficient, less invasive treatment.

In 2006, MEDTECH sold the patent portfolio for its first robot, BRIGIT™, designed for knee surgery, to Zimmer Inc. (NYSE : ZMH).

In 2007, MEDTECH developed ROSA™ Brain, an innovative robotic device devoted to brain surgery, which has now been officially approved in Europe, the United States and Canada.

With the launch of its latest robot, ROSA™ Spine, MEDTECH has broadened its field of intervention with this new equipment for spinal surgery.

In 2013, MEDTECH received the «European Company of the Year » award in the «robotics neurosurgery » category from Frost & Sullivan.
