

ROSA™ Brain robot receives official authorization for the Chinese market

Montpellier, France, October 7, 2014 – MEDTECH (Euronext, FR0010892950 – ROSA), a company specializing in the design, development and marketing of innovative surgical robots, announced today that it has received official authorization to sell the ROSA™ Brain surgical device on the Chinese market.

ROSA™ Brain, a robotic-assistive device for use in minimally invasive brain surgery, is distributed in China by the company Beike Digital Medical technology. Based in Beijing since 1991, Beike Digital Medical technology is a distributor specializing in medical equipment for use in neurosurgery, neurology and cardiology.

Mr. Shang Hong Lei, Executive General Manager of Beike, says : *«Beike Digital Medical Technology is proud to collaborate with Medtech to distribute the ROSA™ Brain device in China. This regulatory certification will enable us to accelerate market penetration in China, where great interest has already been shown in ROSA™ robotics technology ».*

« China is a powerful economic driving force in Asia and represents one of Medtech's main potential markets. This authorisation to market ROSA™ Brain in China boosts our development strategy in Asia.» said Bertin Nahum, Medtech's CEO and Founder.

About MEDTECH

MEDTECH, founded in 2002 by Bertin NAHUM and based near Montpellier, is the European specialist in design, development and marketing of innovative robotic-assistive devices for medico-surgical interventions, thus contributing to the implementation of safer, more efficient, less invasive treatment.

In 2006, MEDTECH sold the patent portfolio for its first robot, BRIGIT™, designed for knee surgery, to Zimmer Inc. (NYSE: ZMH).

In 2007, MEDTECH developed ROSA™ Brain, a state-of-the-art robotic device devoted to brain surgery, which has now been officially approved in Europe, the United States and Canada.

With the launch of its latest robot, ROSA™ Spine, MEDTECH has broadened its field of intervention with this new equipment for spinal surgery.

In 2013, MEDTECH received the «European Company of the Year » award in the “robotics neurosurgery » category from Frost & Sullivan.
